

## FOF2024 - SECOND ANNOUNCEMENT

We are close to the 13th edition of the Friends of Friends Annual Meeting (<https://fof.oac.uncor.edu/2024/>) that will be held in Córdoba (Argentina) from April 8th to April 12th, 2024, at the Observatorio Astronómico de la Universidad Nacional de Córdoba. In this opportunity, we contact you with valuable information regarding the meeting.

### PRACTICAL INFORMATION

The official language for the conference will be English.

### ORAL CONTRIBUTIONS

Oral presentations will be held in the “Mirta Mosconi” Auditorium of the Observatorio Astronómico. The time allocation for **invited talks is 30 minutes plus 10 minutes for questions and discussion. For contributed talks the time is 15 minutes plus 5 minutes for questions.**

To avoid any problem related to the internet connection, we suggest that the speakers prepare backup presentations that do not depend on the internet. The presentations will be displayed from a laptop/computer provided by the organization. We strongly encourage all the speakers to submit their presentations to the LOC in either PDF or Google Slides format a day in advance of the talk. If presenters require the use of their own equipment, they must inform the LOC in advance, so that we can assist with the transition between presentations. The presentations can be tested during the break before the corresponding session.

### POSTER CONTRIBUTIONS

Poster contributions **should not exceed 80 cm wide x 120 cm long**. The appropriate adhesive tape will be provided. We strongly recommend including a QR code linking to a pdf version of the poster. In the program's meeting, we included two poster sessions where participants will have an optional opportunity to present to the audience their contribution in 1-2 minutes. We kindly request to all those who would be interested to submit their poster to the LOC in PDF format at least one day prior to the corresponding poster session.

### PROGRAM

You can see the program below. Soon it will be uploaded to the meeting's webpage.

### PARTICIPATION SURVEY

To avoid food waste and reduce the catering costs, we would like to have a sense of the number of participants that will be actively present at the meeting. For this purpose, we kindly ask that you fill in this short [form](#) **before March 31st**.

We are considering organizing a social half-day trip to Estación Astrofísica de Bosque Alegre. To simplify the logistics, we would like to know if there is interest among the participants in taking part of the trip. You will find a short survey in the same form.
